01--Introduction

THE CLAN is an Art/Cartoon project created by @DrKrop, which consist of different characters.

The collection comes in waves.

The first Wave is a thousand NFT collection.

Four thrones came along together to form a single powerful Kingdom, right there **THE CLAN** was born

The Ape Family

The Cat (9 lives)

The Bulldog (Angry Gang)

The duck (Crazy Gang)

02--How it works

We are the first project to offer holders a monthly payment plan in NFT space.

We pay holders of TCMC cards 2% of all our monthly total sales.

Think of it as a *partnership program*.

We recently introduced a program that compensates victims of Rug Pull.

Airdrops, incentives and merch are all included in this project.

We are always open to fresh ideas.

We listen to our community members. After some feedback, we rebranded and introduced more quality ideas to this project.

We are committed to fulfilling every promise and update all plans in the road-map.

03--Giveaways

We periodically giveaway NFTs and BCC cards, keep an eye on our official twitter **@THE_CLAN_1** to get a chance to participate in the upcoming giveaways.

As our project grows, we will be giving away hoodies, exclusive merch and more.

04--How to join the whitelist?

The most effective way to get noticed is by helping other people, having genuine discussions, and adding to the community.

Any whitelisted individual who is **inactive** for over 3 days will be likely losing their whitelist spot.

We don't want members that put an effort to get whitelisted and then just sit waiting until mint. We want all members to participate, rather than filling the server with bots or inactive members.

How to *increase* your odds of being whitelisted:

1//Be an active and helpful member of **THE CLAN**.

2//Boost the server (All bots or inactive accounts will be removed)

3//Tweet about the project and mention us on Twitter or Instagram

4//Participate in fan-art

04--How to join the whitelist?

5//Change your discord name and profile picture to match **THE CLAN**

6//Follow our official accounts

Twitter: @The_Clan_1

Instagram: @TheClan_nft

Notice:

All whitelist individuals are handpicked,
Meeting requirements doesn't automatically
means you will be on the whitelist, however
they make you more likely to be handpicked.

05--Minting

What is the difference between regular whitelist and VIP whitelist?

Regular whitelist Mint price: 0.05

1//ETH max 5 mints per wallet

2//Guaranteed pre-sale mint before the public
